Patrol Leader Notes

Patrol Leaders Meeting:

Patrol Leaders must attend a Patrol Leader's meeting at the Registration Tent on Friday evening at 9:00 pm. At this meeting you will be given information regarding the camp rules and format. However, you will receive your medallions on Saturday morning.

Projects:

On Saturday morning you are responsible to have your whole patrol together to collect your medallion at the registration tent at the assigned time. You will be eating in the project area and will not be allowed to return to your site during the day. At the end of the day (before returning to your campsite) you will return your medallion to the registration tent.

IMPORTANT: You are competing in projects all day, regardless of weather conditions, so dress appropriately. Uniforms are not needed during the competition.

Scoring:

Patrols are being marked out of ten or multiples of ten. The marking scheme is as follows: Sign In = 2, Sign Out = 2, Completion of Project = 2, and Teamwork = 4. When signing in / out, use your unit #, be polite, give the Scout sign and identify yourself. Do not forget to thank the leaders for running the project and allowing you to participate. Courtesy as always, please. Your patrol will only receive your first score per project and qualifying participation is only based on that first score.

Start Now!!

To be well prepared for Operation Alert, you and your patrol need to work on a multitude of skills including knots and lashings; compass; fire safety; environmental issues; camping skills and of course Teamwork. A good attitude and well performing team is important to your success.

Important Notes:

This is a scout reserve - Stay on the paths and cleared areas / walkways. This is a self-contained troop camp; therefore you must be prepared with your own water. Remind your Troop Scouters, that registration forms and health cards are a necessity. Prior to leaving and issuance of crests, the Campsite Coordinator or delegate will inspect all sites.
